PROFESSIONAL SUMMARY

Detail-orientated, proactive and responsible engineer, with a get-it-done, on-time and high-quality product spirit. I am an aspiring frontend developer with 3 years of experience in the IT industry. Currently, I focus on learning NextJs and TypeScript. I typically use react.js and JavaScript to create components and user interfaces. In the end, I can help companies to develop more SEO-friendly websites.

SUMMARY OF SKILLS

- Working experience with the most well-known Frontend library such as React.
- Experienced with programming languages and knowledge such as HTML/CSS, JavaScript, and PHP.
- Familiar with website architecture and UX/UI best practices.
- Conducted responsive design and technical SEO.
